

FREE FDIAI REGION ONE TRAINING

Trajectory Documentation Using Today's CSI Techniques: Rods, Strings & Lasers

FDIAI Region One is Pleased to Announce:

Region One Director, Jan Johnson is excited to be your instructor for Trajectory Documentation Using Today's CSI Techniques: Rods, Strings & Lasers Series!

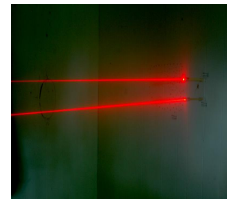

This workshop will be an exciting eight-hour workshop that will cover innovative crime scene investigative trajectory techniques along with influential lectures designed to assist in enhancing the investigators' understanding of trajectory documentation utilizing trajectory kits, rods, strings, and lasers. This training will also give the student hands-on experience.

Date: April 26th, 2019

Time 8:00-5:00

Location: Forensic Pieces, Inc.

4400 Bayou Boulevard

Suite 30A

Pensacola, FL 32503
