### **In Honor of Our Beloved Founder of Forensic Pieces Inc., Jan Johnson, CSCSA**

We commit to you the same techniques, structure, and integrity that our fearless leader Jan Johnson carried with her to every scene, every training, every conference, every time.

It will be our constant goal to strive, meet, and exceed the extremely high standards set by the one who led thousands all over the world to success in the areas of Crime Scene Investigation, Bloodstain Pattern Analysis, Shooting Reconstruction, Crime Scene Reconstruction, and so much more.

Each instructor and training will reflect the legacy Jan wanted for her company and the forensic community. We appreciate all the continued support as we forge ahead our new path forward. As Jan Johnson would always say:

**Full Speed Ahead!**

## COURSE DESCRIPTION

This all-encompassing 40-hour workshop will provide the investigator with both hands-on training as well as thought-provoking discussions while using advanced crime scene investigation techniques. This course was designed for detectives and crime scene personnel wishing to either refresh or advance their overall skills in the examination of major crime scenes while using proper documentation and examples of testing evidence as well as proper evaluation of the overall crime scene. Using the latest research with the application of the newest crime scene techniques will be among the many topics of discussion. This training will incorporate numerous field training exercises to assist the investigator in honing the skills necessary to properly handle a crime scene, no matter how big or how small. The course includes an overview of how to approach and examine major crime scenes, along with interactive training while also allowing the opportunity to present the physical evidence recovered from mock scenes in a courtroom setting for peer review. All advanced instructional techniques will be illustrated with actual case scenarios. These training hours may be applied toward the International Association for Identification Crime Scene Certification application. Don't miss out on this exciting training!

## COURSE TOPICS

Equivocal death investigations, Historical perspectives, Incidental altercation in scenes, Types of crime scene staging, Primary scenes, Secondary vs tertiary scenes, Red flag indicators, Note taking, report writing, General documentation of physical evidence, Biological evidence Detection and collection, Other evidence to be aware of and collected, Profiling the stager, Case examples of staged scenes for problem solving.
