## **In Honor of Our Beloved Founder of Forensic Pieces Inc., Jan Johnson, CSCSA**

We commit to you the same techniques, structure, and integrity that our fearless leader Jan Johnson carried with her to every scene, every training, every conference, every time.

It will be our constant goal to strive, meet, and exceed the extremely high standards set by the one who led thousands all over the world to success in the areas of Crime Scene Investigation, Bloodstain Pattern Analysis, Shooting Reconstruction, Crime Scene Reconstruction, and so much more.

Each instructor and training will reflect the legacy Jan wanted for her company and the forensic community. We appreciate all the continued support as we forge ahead our new path forward. As Jan Johnson would always say:

**Full Speed Ahead!**

## WHO SHOULD ATTEND?

This is a hands-on course that is specifically designed for crime scene officers, investigators, and any other individual needing to advance their crime scene investigative techniques, either with or without experience.

## WHAT TO BRING?

Casual attire is suitable; laptop computer is recommended for notetaking and presentations. A digital camera with macro-capabilities for the hands-on exercises; however, a cellphone camera will suffice.

Fairfield Inn  
650 Borthwick Ave.,  
Nashua, NH 03801  
(603) 436-6363 | [Reserve](#)

## MEET YOUR INSTRUCTOR

### Sergeant Anthony Barbarotto

He began his law enforcement career in Arkansas in February 1991 and has served the Memphis community since 1996 with the Memphis Police Department. Throughout his career, he has worked as a patrolman, Crisis Intervention Team member, and Field Training Officer. He has been an Investigator in both the Sex Crimes Bureau and Internal Affairs Bureau and is a Tennessee POST Certified Instructor at the Memphis Police Training Academy. Currently, he is an investigator/specialist in the Crime Scene Investigations Unit and leads forensic classes for the department. In his spare time, he teaches at Southwest Tennessee Community College.. He is also a Certified Senior Crime Scene Analyst, recognized by the IAI and University of Tennessee's National Forensic Academy.

For his full professional background visit our Instructors Page at [www.forensicpieces.com](http://www.forensicpieces.com).

## COURSE DESCRIPTION

This all-encompassing 40-hour workshop will provide the investigator with both hands-on training as well as thought-provoking discussions while using advanced crime scene investigation techniques. This course was designed for detectives and crime scene personnel wishing to either refresh or advance their overall skills in the examination of major crime scenes while using proper documentation and examples of testing evidence as well as proper evaluation of the overall crime scene.

Using the latest research with the application of the newest crime scene techniques will be among the many topics of discussion. This training will incorporate numerous field training exercises to assist the investigator in honing the skills necessary to properly handle a crime scene, no matter how big or how small. The course includes an overview of how to approach and examine major crime scenes, along with interactive training while also allowing the opportunity to present the physical evidence recovered from mock scenes in a courtroom setting for peer review. All advanced instructional techniques will be illustrated with actual case scenarios.

These training hours may be applied toward the International Association for Identification Crime Scene Certification application.

Don't miss out on this exciting training!

## COURSE TOPICS

Case Management, Safety and Advanced Equipment for the Forensic Toolbox, Dust Track Evidence Recovery, Tool and Bite Mark Recovery, Alternate Light Source Applications, Blue-Star Forensic Detection for Latent Blood, Latent Print Blood Enhancement, Autopsy Evidence, Bloodstain Pattern Identification and Documentation, Gunshot Residue, Report Writing, Expert Witness Testimony, and many more exciting CSI Techniques!
